

The Business Challenge Ability Pre-Work

The March 12 Business Challenge workshop is accompanied by a powerful online resource called Fluent in Finance that can be used before and after the workshop to refresh your knowledge of financial concepts. Fluent in Finance includes 6 to 8 hours of introductory-level courses in business finance that combines the convenience and best practices of online delivery with rich, interactive media and business simulations. This course is designed as a helpful tool that you can continue to reference over the next year following the in-class session.

In order for you to get the most out of the Business Challenge workshop, we ask that you complete Fluent in Finance in advance of the workshop. Please see the instructions below to access, and complete, Fluent in Finance course:

Registration Link:
